

## ECO ENTRANCE MAT

Environmentally friendly mat made from recycled rubber reclaimed from scrap tyres and recycled plastic bottles.

This mat is ultra durable and resistant as it stores water to prevent slip hazards. A rubber reinforced cleaning surface is permanently moulded into the mat, eliminating crushing of the surface and ensuring long term cleaning effectiveness. The ECO mat stops contaminants entering the building, protecting floor surfaces from premature wear. Suitable for both indoor and outdoor use.

### STANDARD PACKAGE: 1

Part No.	Dimensions (WxL)	Colour	Price (EX GST)
872207	600 x 900mm	Smoke	\$79.90
872208	600 x 900mm	Walnut	\$79.90

872211	1200 x 1800mm	Smoke	\$275.00
872212	1200 x 1800mm	Walnut	\$275.00

## RIBBED ENTRANCE MATS

Extremely coarse fibres for demanding heavy traffic and heavily soiled areas, this mat is ideal for scraping dirt off shoes.

The deep ribbed, 100% polypropylene fibres deflect dirt into the sunken channels. The channels have excellent water absorption and mat dries quickly. Flame resistant and UV stable, the heavy gauge vinyl backing protects floors from abrasion and moisture. To clean, simply vacuum, sweep or hose down.
