

ECON-O-CONE SAFETY CONES

These safety cones are made from 5mm thick corrugated polypropylene material, carrying a highly visible message on all four sides. They are extremely durable, lightweight and stackable. The unique hinge construction of the Econ-O-Cone provides for a strong flexible structure, promoting strength while minimising weight. For extra stability, use with weights. Stands 900mm tall with a 300mm square base.

STANDARD PACKAGE: 1

Description	Price (EX GST)
Econ-o-Cone Printed	\$55.50
Econ-o-Cone Blank	\$52.50

TRIVU® 3-SIDED SAFETY CONES

848278

848282

848279

848280

848283

The most prominent cones in the range, the Trivu cones are three-sided to ensure viewing from all angles. Their bright fluorescent green colouring makes them hard to miss and their sturdy construction makes them particularly durable. They are stackable and have carry handles which can be used for plastic chain mounting.

DIMENSIONS: 1000 x 330mm (HxW)
