

## TRAFFIC WARNING LIGHTS

Manufactured from tough, impact resistant polypropylene, the casing will withstand harsh treatment. Polycarbonate lens can be swivelled to face oncoming traffic. Includes fixing bolt, bracket and key.

### STANDARD PACKAGE: 1

Part No.	Colour	Description	Price (EX GST)
846249	Yellow	Traffic lights flashing	\$52.50
846252	Red	Traffic lights flashing	\$52.50

## ROTOLIGHT

This lightweight rotolight attaches securely to your traffic control cones to ensure visibility by all. Offering day and night warning even in harsh conditions, and self-cleaning in snow and sleet, this wind powered rotating beacon does not require batteries or maintenance. A cost effective alternative to electronic flashing beacons.

### STANDARD PACKAGE: 1

Part No.	Price (EX GST)
845605	\$39.90

## REFLECTIVE SAFETY TAPE

This Reflective Safety Tape is ideal for situations where visibility of an area during dark periods is essential. Tape can be used in conjunction with T-Top Bollards. The Polypropylene Tag is supplied with 3M reflective stripe material. Tags are threaded onto a PVC suspension cord, with 19 tags spread evenly over a 3mm thick line. Easy to use and store.

Polypropylene Tape

**DIMENSIONS:** 50 x 160mm (WxH)

**STANDARD PACKAGE:** 1 roll of 23 metres

Part No.	Description	Price (EX GST)
847406	Prolypropylene Class 2 Red and White	\$41.90
847405	Prolypropylene Class 1 Red and White	\$52.50

## E FLARE™ PROTECTOR

500 series

300 series

Eflare™ portable warning beacons are essential for alerting hazards and providing a safer working environment. Eflare™ does not produce toxic fumes, burn, affect distance judgement and there is no risk of fire or explosion while in use. Waterproof and shatterproof, it also comes with a detachable rubber base.

850781	Red	510 Series Single	\$105.00
851546	Amber	300 Series Single	\$70.90
850782	Amber	510 Series Single	\$105.00
851558	Red/White	530 Series Single Dual Colour	\$129.00
851561		Cone Mounting Clip	\$6.90
851562		Carry Bag	\$13.50

## T-TOP TEMPORARY BOLLARD

The T-Top Temporary Bollard is made of low density polyethylene, stands at a height of 1150mm and has a diameter of 100mm. With a weight of 6kg or 8kg and wide base, the bollard is stable, even in high speed traffic conditions. Its bright fluorescent orange colour and reflective bands provide high visibility all hours of night and day, in all weather conditions. The unique T-Top provides a grip handle that makes the bollard easy to carry.

STANDARD PACKAGE: 1

Part No.	Size	Price (EX GST)
843233	6 kg	\$62.90
846589	8 kg	\$94.90

Improved post bottom reinforcing-rings for extra strength and durability.

Convenient T – Top carry handle and moulded bolt hole for flashing light.

Wide diameter weighted base ensures stability.

## TRAFFIC CONES

Mini Cones

These highly visible fluorescent orange Traffic Cones are available in 710mm and 450mm sizes. Constructed of durable PVC material, their wide body design makes them resistant to tipping in high wind or heavy traffic situations. For additional stability, add on one of our 3kg cone weights.

STANDARD PACKAGE: 1

Part No.	Description	Price (EX GST)
843234	710mm Traffic Cone	\$39.90
843925	150mm Collar	\$29.90
843926	Weight for 710mm Cone	\$47.50
843235	450mm Traffic Cone	\$32.50
843928	100mm Collar	\$27.50
843929	Weight for 450mm Cone	\$47.50
843236	305mm Mini Traffic Cone	\$17.50

## RETRACTABLE BARRIER BAR

Constructed from tough ABS plastic the Barrier has soft Polyethylene rings on each end which will fit over the top of most types of traffic cones. The telescopic bar can be extended between 1100mm and 2100mm. Reflective stripes ensure visibility. Available in reflective red/white or black/yellow. Ring Diameter of 85mm.

STANDARD PACKAGE: 1

Part No.	Colour	Price (EX GST)
843461	Black / Yellow	\$39.90
860877	Red / White	\$39.90

## COLLAPSIBLE SAFETY CONE

851162

The Collapsible Safety Cone is ideal for any situation be it for an emergency or for maintenance work. Each safety cone is fitted with a large reflective strip for safety, ensuring that you can be seen day or night. Cones are also resistant to most wind conditions. The large safety cone includes a battery operated water resistant PVC light that can be seen up to 300 metres away (battery included).

DIMENSIONS:	Weight	Height (Open)	Height (Closed)
Small:	2kg	500mm	50mm
Large:	2kg	700mm	50mm

STANDARD PACKAGE: 1

Part No.	Description	Price (EX GST)
851161	Small Safety Cone	\$39.90
851162	Large Safety Cone	\$59.90

## HEAVY DUTY TRAFFIC CONES

Heavy duty traffic cones are the ideal choice in traffic control applications. The flexible 100% PVC construction ensures maximum safety on impact. The highly visible cones enhance the safety of work crews and motorists during emergencies and repair projects. The cones are easy to install and the durable design offers convenient storage and portability.

STANDARD PACKAGE: 1

Part No.	Size	Price (EX GST)
872383	700mm	\$59.90
872384	900mm	\$64.90
