DYMO® LabelManager 450

LABELLING PAYS OFF

STATE-OF-THE ART DESKTOP LABEL PRINTER FOR PROFESSIONAL LOOKING LABELS

13 styles

7 fonts

5 tape widths

For anyone who labels every day and is in search of the superior champion of labelmakers, LabelManager 450 is an automatic choice. It's the easy way for printing large volumes of labels with all of your special requirements such as barcodes, logos and icons. And thanks to the handy USB port, you can use extra functions from your PC or Mac when using LabelManager 450. That makes it extremely easy to label whatever you need and create an orderly and organised working environment.

5 LABEL TYPES, 15 COLOUR COMBINATIONS UNPRECEDENTED VERSATILITY

The ergonomic and compact LabelManager 450 makes every day labelling easy and efficient. Its simple keyboard, logical navigation and intuitive software instructions make it incredibly easy to use. Plus, thanks to the PC or Mac connection via USB port you can use a host of Word applications to create specific types of labels. What's more, the labelmaker offers as many as seven different fonts, five sizes and thirteen styles to give your labels a

personal touch – you can even print up to five lines of text on the 24 mm tape. It offers an unprecedented number of functions and label formats on a wide range of tapes in different colours from 6 mm to 24 mm wide. It also has an extensive memory for saving up to 25 labels and numerous preferences. In short, a versatile labelmaker for demanding label makers.
