DYMO[®]
LabelWriter 400

PERSONAL LABEL PRINTER

THE EASIEST WAY TO PRINT LABELS FROM YOUR PC OR MAC

16 label types

40 labels per minute

16 LABEL TYPES, COUNTLESS POSSIBILITIES

The LabelWriter 400 is the most efficient way to print quality labels. The LabelWriter 400 packs a truly amazing amount of power and efficiency into a cost-effective labelling system.

COMPETITIVENESS IS A STATE OF MIND

LabelWriter 400 takes label printing to a whole new level. Eliminate all the hassle of printing a label from your computer. Just select, click, print and you are done. At 40 labels a minute, the only machines that can beat it are its turbocharged DYMO big siblings. Full function, great design, labels up to 60 mm wide in a variety of specialised shapes and all at 300 dpi for high quality printing. Compatible with both PC and Mac through a USB port. Now that's a tough act to beat at any price.

The LabelWriter 400 automatically prints from MS Word, MS Outlook, Word Perfect 12 and Palm Desktop. The import database feature enables you to print from databases such as MS Access or MS Excel. Databases can be mail-merged and printed on labels with three simple clicks of your mouse.

MAKING LIFE EASIER

The DYMO LabelWriter 400 is a next generation machine. It has both a faster print speed and a whole array of unique innovations. It enables you to optimise productivity and creates an even more professional, efficient and effective work environment. Now printing one label or one hundred is faster and easier than ever before.

Whatever the specific task, DYMO has created the right printer for your job. Labels for envelopes, packages, files, media and name badges are just the beginning. DYMO has just invented a new way to make life a whole lot easier.
