DYMO[®]

LabelWriter 400 Turbo

LABEL EXPRESS

THE EASIEST WAY TO PRINT LABELS FROM YOUR PC OR MAC

16 label types

55 labels per minute

The LabelWriter 400 Turbo is the most efficient — and the world's fastest — way to print high quality labels.

The LabelWriter 400 Turbo packs a truly amazing amount of power, efficiency and speed into a straight-forward and easy labelling system.

16 LABEL TYPES, COUNTLESS POSSIBILITIES

WINNING IS A STATE OF MIND

LabelWriter 400 Turbo takes label printing to a completely new level. Eliminate all the hassle of printing a label from your computer. Just select, click and print. It's that easy. At 55 labels a minute, there is no machine that even begins to keep up. It is a full function label printer with a great design, handling labels up to 60 mm wide in a variety of specialised shapes and all at 300 dpi for high quality printing. Compatible with both PC and Mac through a USB port. Now that's a performance no one can beat.

THE TURBO CONCEPT

The DYMO LabelWriter 400 Turbo is a next generation machine. It has both a faster print speed and a whole array of unique innovations.

It enables you to optimise productivity and creates an even more professional, efficient and effective work environment. Whether printing one label or one hundred, the job just got a whole lot easier and faster than ever before.

The LabelWriter 400 Turbo is the fastest printer for printing great looking labels in seconds. It automatically prints addresses from your MS Word, MS Outlook, Word Perfect 12 and Palm Desktop. The import database feature enables you to print from databases such as MS Access or MS Excel. Databases can be mail-merged and printed on labels with three simple clicks of your mouse. Labels for envelopes, packages, files, media and name badges are just the beginning. Whatever the task, DYMO has created the right tool for your job.
