## DURABLE LOCKOUT TAGS

Lockout Tags have been designed to comply with every performance standard. Tags are available in three sturdy materials: Heavy Duty Polyester, Economy Polyester and Cardstock. All tags have a reinforcing brass grommet large enough to accept most padlocks. Whether polyester or cardstock, all tag surfaces allow employees to easily personalize tags with their name, department and estimated completion information.

### Heavy Duty Polyester (B-837)

Our most durable tag. Polyester laminate protects graphics, wipes clean and holds up against water, grease and extreme temperatures. Heavy construction prevents accidental removal, withstands up to 35 kilos of pullout force. Brass grommet measures 11mm accepting most standard padlocks.

### Economy Polyester (B-851)

Rigid vinyl surface is easy to write on and stays legible longer. Wipes clean easily, ready to use again and again. Brass grommet measures 8mm accepting most padlocks.

### Cardstock (B-853)

Cardstock tags are cost effective and designed for one-time use. 9mm brass grommet accepts most padlocks. Cardstock material accepts pen, pencil and marker writing.

## REVERSE SIDE OPTIONS

Reverse Side #1    Reverse Side #2    Reverse Side #3    Reverse Side #4

All tags have write-on surfaces and come in packages of 25 tags.

## STANDARD PACKAGE: 25

Description	Mat'l	Size	Grommet	Price (E.T.G.S.T.)
